

### *Student Store Purchasing Policy*

The student store, located on community street in the Walker Building, has both academic and non academic supplies. The purchasing policy for each is as follows:

Academic (books and school supplies): The store will issue your son an ID card, which will give him charging privileges for these academic items (i.e. books and supplies) at the store, but students may use their credit cards, debit cards, cash or check to purchase these items.

Non-Academic (food/drink, clothing, souvenirs): All non-academic store items will need to be purchased via credit card, debit card, cash or check. Thus, no non-academic store items will be charged on student accounts. For cash needs, there is a Virginia National Bank A.T.M. near the entrance to the store.

Please ensure that your son brings the necessary payment method (credit card, debit card, ATM card, check or cash) to purchase non-academic items in the store. Students also have access to cash checks in the Student Store.

As a reminder, we have a \$35.00 returned check fee.
